

Data Engineering Consultant

Part-time (5-10 hours a week)

PPMI is a leading European research and policy analysis centre. We help public sector and civil society leaders from around the world, presenting evidence in a way that is simple, clear and ready to use.

COME PREPARED

A successful candidate will have:

- ▼ Experience in data engineering and working with Big Data (min 3 years);
- ▼ Experience with Apache Spark and/or Databricks;
- ▼ Experience with Azure services would be a plus;
- ▼ Experience with Kubernetes would be a plus.

TAKE ON CHALLENGES

You should be ready to:

- ▼ Consult a team of data scientists in various aspects related to data engineering;
- ▼ Assist with transferring selected workflows from on-premises infrastructure to the cloud;
- ▼ Assist with designing and executing workflows on Databricks.

GROW WITH US

You should expect a fast-paced and dynamic environment. In return we offer:

- ▼ A competitive salary (starting from 30 eur/hr);
- ▼ Opportunity to apply your skills to tackle new problems in a start-up-like environment.

If you see yourself in this position, send us your CV (careers@ppmi.it) with a subject *Data engineering consultant*.
