

# Research Manager

PPMI is a leading European research and policy analysis centre. We help public sector and civil society leaders from around the world, presenting evidence in a way that is simple, clear and ready to use.

## COME PREPARED

**A successful candidate should have:**

- ▼ Direct experience or strong interest in the EU's R&I policy. This is a position to lead PPMI's portfolio of activities in the area
- ▼ Experience in writing tenders, managing/leading research and evaluation projects, liaising with clients
- ▼ At least 5 years of overall work experience
- ▼ Full English proficiency and excellent writing skills.

## TAKE ON CHALLENGES

**You should be ready to lead projects and develop your own team at PPMI:**

- ▼ PPMI is already strongly established in the area; currently we have 8 projects with DG RTD alone
- ▼ You will join a successful team and take over a portfolio of projects, but we expect that you will develop your own team and manage it successfully
- ▼ You will be working with leading experts and research organizations on a daily basis; you must be on an equal footing with them and lead by example to get the best possible result
- ▼ You will work with and be supported by PPMI's team of data scientists. You will need to learn fast the fundamentals of data science and the opportunities it gives to your work.

## GROW WITH US

**You will join a dynamic and fast-growing team at PPMI. In return we offer:**

- ▼ A competitive salary (starting from 1700 euros net, 2800 gross) and eligibility for performance-based bonuses semi-annually
- ▼ Personal growth and start-up like work experience. We have become a one-stop-shop for data science and policy advice
- ▼ We win an estimated 70-75% of the projects we bid for in the area of R&I policy; our can-do attitude and unique skillset makes us highly competitive
- ▼ There will be plenty of opportunities to network and present the results of your work. Expect that in the next 3 years you will be working closely with the European Commission and other leading science governance bodies.

If you see yourself in this position, send us your CV ([careers@ppmi.it](mailto:careers@ppmi.it)) by **September 25, 2020** with a subject *Research Manager*.
